Water and soil, these two simple materials  
can mold a whole world.

Since antiquity clay symbolizes creation,  
the basis to which we return in order  
to start from the beginning.

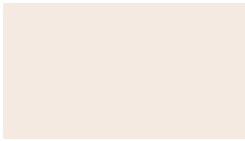

Because dreams can be rebuilt...

Kalymnos, such a small island in the Aegean sea, managed to travel its fame around the world with just a single product.

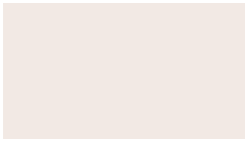

The natural Greek sponge never loses its place in our lives, like the tradition that always follows us.

# Innovation & Aesthetics

Our **COLORS COLLECTION** is inspired from **Greece**. Why not experiment now with **authentic Greek shades** and create your own unique spaces, with our new palette that has been designed based on the **latest international trends**, as well as our consumers' needs and desires?

The **“back to nature”** concept brings us into contact with earthy tones, while the outdoor spaces also embrace colors from **natural landscapes**. Neutral shades are mixed with warm beige accents and are easily combined with cooler neutral colors, as well as with the green of chlorophyll, giving a sense of brightness even in the smallest of rooms.

The **Master™** colors are the first in their category with **Indoor Air Comfort® & Indoor Air Comfort Gold®** certification by Eurofins as **Best-In-Class products**, contributing to a bet-
